Section B. Employer, calculate the amount of the member's Short-Term Benefit. (Continued)

7. Gross monthly Short-Term Benefit <i>- Multiply #6 by 50%, not to exceed \$3,000. If greater than \$3,000, enter \$3,000 as the amount.</i>	Initial Short-Term Disability Calculations
7a. Calculating the first month of Short-Term Disability (STD) pay (if it is a partial month only): Divide #7 by the number by the total number of calendar days in the first month of STD, then multiply by the number of days the member should receive STD in the first month of STD and pay this amount.	Calculations
7b. Calculating the last month of STD pay (if the last month is a partial month only): Subtract #7a from #7 and pay this amount. Note: Do not use this calculation if the member was not paid STD Benefits during all applicable days in the first month of STD (e.g., if the member was exhausting leave). Instead, divide #7 by the number of calendar days in the last month of STD, then multiply by the number of days the member should receive STD in the last month of STD and pay this amount.	Calculations
7c. All STD months between the first partial month and last partial month (i.e., after the first partial month and before the last partial month) are paid the monthly amount calculated in #7 regardless of how many days are in a given month (unless the monthly STD amount is reduced due to returning to work under Trial Rehabilitation or an earnable allowance offset). See Guide A for more information.	Calculations

Section C. Employer, record the Short-Term payments.

If the member exhausted leave or received Worker's Compensation (WC), and/or severance salary continuation during the Short-Term Disability period, record those details in the space provided. A full 365 days of payments must be documented to ensure non-contributory service credit can be added to the member's account.

Form 711 Guides Determining and Recording Short-Term Disability Benefits

Guide A. What is the DIPNC Short-Term Benefit process?

The Disability Income Plan of North Carolina (DIPNC) provides security to eligible members who have at least one year of retirement membership credit by providing the following:

- **Benefit.** A benefit roughly equal to 50% of the employee's compensation. Note: The Short-Term Benefit period lasts a maximum of 365 days. Since disability benefits may not be effective on the first day of the calendar month, the maximum STD Benefit period may include 13 payments: first partial month, 11 full months, and a final partial month. In the event of death, the employer will pay STD for the entire month in which the death occurred. In the event the member retires following the last month of STD, the employer is required to pay STD through the end of the month prior to the retirement effective date and pay the applicable State Health Plan coverage premiums.
- **Credit.** Retirement credit in the amount of 1/12th year (regardless of employee's retirement service type) for each month while receiving a benefit, unless contributing membership credit is applicable.
- **Health Coverage.** If an employee has 5 years of retirement membership service, under current law, he or she is eligible for paid individual coverage under the State Health Plan's 70/30 Plan.

Under the Disability Income Plan, the employer funds the Benefit and the health coverage premiums during the Short-Term.

The following is an overview of the Short-Term Benefit process. The individual forms for the Disability Income Plan of North Carolina give detailed instructions.
